STATE TOURNAMENT

INFORMATION

2012 Junior Dixie Boys & Dixie Boys State Tournaments

Greetings;

As Athletic Coordinator of Brunswick County, it is my pleasure to welcome you to Southport-Oak Island for the 2011 Dixie Boys 13 year old and 14 year old State Tournaments. We are pleased to have North Carolina's most promising young baseball talent participating in this event. We have hosted the North Carolina Dixie Boys State Tournaments before and are very excited about hosting again this year. We in Brunswick County would like to welcome you to Southport-Oak Island and wish you a comfortable and pleasurable stay.

We congratulate all the teams and their coaches for the hard work they have put forth this year. Participants should be encouraged that they are already winners' and should feel pride in their accomplishments, both as teams and individuals. I encourage you to always strive to put forth your best effort in all that you do.

In addition, I congratulate the players' families and those who have volunteered their time to help instill values such as teamwork, sportsmanship, confidence and discipline in these young people.

Again, welcome to Brunswick County. It is our hope that your stay will be a pleasant one and that you will return often. We extend our best wishes for a most successful State Tournament.

Sincerely,

Brian K. Moore

Brunswick County Parks & Recreation Athletic Coordinator

Welcome to Southport - Oak Island in Brunswick County, N.C.

Welcome to the Southport-Oak Island North Carolina Area. We invite you to visit our North Carolina beaches, tucked away on the southeastern coast of the Brunswick Islands, offering the vacationer, resident and investor a pleasant coastal experience. Our community is comprised of six municipalities -- the towns of Caswell Beach, Oak Island (Long Beach and Yaupon Beach) and the Village of Bald Head Island combine for over 28 miles of sandy beaches and some of the most visible lighthouses in North Carolina. For over 200 years the historic coastal community of Southport has guarded the mouth of the Cape Fear River and continues to be the light keeper of its history. Boiling Spring Lakes, one of the fastest growing cities in our area, takes its name from the over 50 bubbling spring lakes. The newly incorporated Town of St. James lies along the Intracoastal Waterway and marsh land.

ABOUT THE AREA

Bald Head Island - Escaping from the stress in your life is just a ferry ride away. When you arrive at the Bald Island Ferry Terminal located in the Indigo Plantation Marina at 9th Street in Southport, it's like stepping into time zone — a slower, less stressful one. After unloading and parking your vehicle you will board your passenger for a short 20 minute trip to the island. A golf cart tram will whisk you away to your cottage, condo or inn where week or weekend of rest and relaxation can begin. Can't stay overnight? Go over for the day either on your own or with the organized Historic Tour, with or without lunch or dinner. Reservations are strongly encouraged. Bald Head Island is a resort. Amenities include: championship golf course, clubhouse facilities, croquet, marina, tennis courts, swimming pools, restaurants, snack bars and spas.

Boiling Spring Lakes - Named for a natural spring, its 16,000 acres of land was incorporated in 1961. The Big Lake, 150-acres or 2 1/2 miles long with 10 miles of shoreline is one of over 50 natural and man-made lakes in the city. Several of the lakes offer public access for swimming, fishing, and water-skiing. Boiling Spring Lakes is a popular choice for those relocating to the area. A serene community with wildlife and floriculture abound such as the fox squirrel, tall pines, oaks, sweet gums, and the rare and protected Venus flytrap. The Lakes & Country Club is located in Boiling Spring Lakes and offers 18 holes of championship golf in a natural setting of a "wildlife preserve" and bird sanctuary." The middle and high schools are also located in Boiling Spring Lakes.

Caswell Beach - Residents of Caswell Beach are a proud and caring group of people who share a love for their town and community. The only commercial district that exists in Caswell Beach is the area located at the Oak Island Golf Club which includes golf course, putting green, driving range, restaurant, gift/pro shop, and a lounge with a breathtaking view of the Atlantic Ocean. Just past the city limits of Caswell Beach is the N.C. Baptist Assembly, a church camp/retreat conference center. Prior to its purchase from the government, the assembly was known as Fort Caswell, an Army fortress built in 1826. The remains of the fort can be found throughout the camp. Bunkers are still visible in the Caswell Dunes Condominiums Complex.

Oak Island - The Town of Oak Island was formed in 1999 when the towns of Long Beach and Vaupon Beach consolidated. This consolidation gave it the distinction of the most populated incorporated town in Brunswick County. Although the largest Town in the County, a small town atmosphere is enjoyed by its residents. The foundation of this beach community has always been public access — consider the over 52 public beach accesses (most with parking), two public boat ramps, several areas to put in canoes and kayaks, an extensive sidewalk system for bikes and pedestrians to enjoy, recreation trails, numerous parks and playgrounds, a full service parks and recreation department, and youth friendly facilities such as the newly completed skate board park. Programs geared toward senior citizens are located at the Parks & Recreation Department and the Oak Island Senior Citizens Center. The Town of Oak Island has extended its boundaries to include the mainland areas along Long Beach Road. This is the area where large grocery, department stores, and fast food restaurants can be found.

St. James - The newest incorporated community in Brunswick County rose out of the explosion of growth in our area. Located along the Intracoastal Waterway just outside the commercial district of Long Beach Road, St. James enjoys the peacefulness of the country within the close proximity of shops and restaurants. The Town of St. James includes three golf courses, a marina, restaurant, and its own fire station.

Southport - Originally incorporated in 1792 as Smithville, its progressive citizens changed its name to Southport in 1887 in hopes of attracting a port. The port went further upstream to the City of Wilmington but this entrepreneurial spirit is alive and well in the City today. The historic charm of this community will captivate you as you walk under a canopy of 200 year old live oak trees, or walk past majestic Victorian century homes which once belonged to river pilots or maybe even a pirate or two. Southport is one of few Cities with a true downtown. Banks, antique & collectible shops, restaurants, and professional offices line about a five block area in the downtown commercial district. Just outside this district is one of the finest medical care facilities in our region, J.A. Doshier Memorial Hospital. A visit to our area is not complete without a day or two of walking through these antique and specialty shops, stopping along the way for a leisurely lunch at an outside pub or restaurant along the waterfront or yacht basin, taking a Pedi cab historic tour of the City, watching transoceanic vessels pass by at Waterfront Park and visiting the NC Maritime Museum in Southport. The City of Southport also offers sailors, anglers and boaters a safe haven through the Southport Marina, Old Yacht Basin and City Pier.

Brunswick Town/Fort Anderson State Historic Site -

Brunswick Town, a colonial site dating from 1726-1776, served as a Cape Fear River Port that was the major export of Naval stores and the location of the Stamp Act Rebellion. Fort Anderson was a Confederate fortification, which was part of the Cape Fear Defense System until the Civil War engagement of February 1865. The archaeological remains of colonial Brunswick can be viewed along with the massive earthen fort of Anderson. There is a 14-minute slide presentation, an exhibit gallery that houses the many artifacts that were excavated in the 1960's and gift shop located at the onsite visitor center. Also available is a map for your self-guided tour, and knowledgeable volunteers to answer questions. Great picnic area. Admission is free.

Old Baldy Lighthouse - Built in 1817, it is North Carolina's oldest lighthouse. During her 86 years of service she guided many ships safely into the mouth of the Cape Fear River. She was retired in 1935 but after an extensive renovation project, she is now open to the public for tours.

Price's Creek Lighthouse - This lighthouse is 20 feet tall with a red brick exterior and was built in 1848. Although not operational, this is the only one of eight lighthouses built along the Cape Fear River between Oak Island and Wilmington that is still standing. It is located on private property but visible from the Southport-Fort Fisher Ferry as you leave the Southport dock.

Piers - are an important part of the Southport-Oak Island community. Oak Island boasts two ocean piers and a couple additional piers along the Intracoastal Waterway. The City of Southport maintains a pier on the Riverfront, which is known for its flounder fishing. The Oak Island ocean piers are great gathering places for those enjoying the sun and sand but especially for those who like to fish. The Oak Island Pier was built as the Yaupon Pier in 1955, rebuilt in 1972 and again in 1992. The Town of Oak Island purchased the Yaupon Pier in order to save it for future generations and renamed it the Oak Island Pier. The Oak Island Pier is 27 feet above sea level, the tallest pier in North Carolina. The state record tiger shark was caught by Walter Maxwell in 1966 weighing in at 1,150 pounds. The Ocean Crest Pier is the longest fishing pier on the southern Cape Fear Coast and is one of only a few privately owned and operated family fishing piers in North Carolina. A family atmosphere that is known for prize catches of king mackerel and Spanish mackerel. Both piers have restaurants with lounges attached and a full assortment of convenience foods.

Battleship NORTH CAROLINA - Come aboard and experience the NORTH CAROLINA's "Star Appeal". Because the NORTH CAROLINA is preserved just as she was in World War II, she has been the site for many dramatic documentaries and action films. This supporting actress received 15 stars for her performance in WWII. She is sure to deliver another award winning performance for you.
